**EHS is NOT a Quick Fix.** Each quarter class can be taken from EHS only once for credit. Each class needs to be completed in ten weeks except for Fitness for Life which is completed in seven weeks.

Geography for Life (0.5) ([Q1](#), [Q2](#))

Financial Literacy (0.5) \* ([Q1](#), [Q2](#))

**Letter-grade, quarter credits** Each EHS class, when completed successfully, generates one-quarter (0.25) of [high-school credit](#). All classes generate letter grades to be added to the student's transcript. Students need to work closely with their teacher to earn the letter grade they expect. EHS does NOT offer pass/fail credit for any class.

**Acceleration, remediation, graduation** Most EHS students take classes from EHS to make-up failed quarter classes or to accelerate their graduation from their local high school . ~ **Currently the diploma option has been suspended.** ~

**EHS classes take time** Experience tells us it takes about 50 hours to complete a quarter credit class, or about 200 hours for a full credit. Some classes require more.

**Classes are rigorous** The courses are rigorous and require dedication by our students; however, each credit-granting class has a Utah teacher to mentor students for success.

**Class enrollment dates are flexible** The Electronic High School offers a open-entry / open-exit curriculum based on the Utah Core Curriculum. With a few exceptions, students are able to enroll any day of the year and work at their own pace until the class is completed within the 10 week timeframe.

**EHS students abide by the school honor code** "As a student of the Electronic High School, I agree to turn in my assignments in a timely manner, do my own work, not share my work with others, and treat all students, teachers, and staff with respect."

**Work at your own pace** We expect students to complete a quarter class within TEN weeks and to submit work consistently - at least weekly - to remain on class rolls.

**Accredited by the Northwest Accreditation Commission** The Electronic High School is accredited by the Northwest Accreditation Commission. Students who complete courses from the Electronic High School will have a course completion certificate mailed to their local school of residence with the grade and credit earned.

**Can I do my EHS work from home?** You can work on your class from computers connected to the Internet. At the end of each class, you must take and pass a proctored exam at a Utah school, library, or testing center. **More information about the process is available inside the classes.**
